

OFFICE REALITY LTD

Divo beam seating

Matt polypropylene multiple skiving system, slotted shell, finishes according to colour chart. Bench with 80x40mm tube frame. Textured cast aluminium legs and armrests.

Optional 400x290mm black bench table manufactured in 12mm thick phenolic compact laminate.

400x290 tables can also be optionally integrated.

Functionality and design are combined in this seating system of sober and elegant lines that play with geometric forms and space.
