TECHNICAL FEATURES OF THE FRAME

Frame:

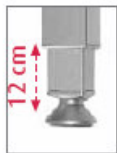

Manufactured with laminated Steel profile (1.5mm section), silver double layer coating available in silver and chromed. Moulded aluminium connectors and linking devices epoxy finished.

Leg Options:

With Levellers
Total Height:
73 cm.

Moulded ABS silver coating or chromed depending of the option. Anti-skid moulded aluminium levellers.

With Height Adjustment
Total Height:
69 - 81 cm.

Height adjustment provided by a telescopic leg, lockable in 8 different positions and easy to adjust using an Allen key. Anti-skid moulded aluminium levellers.

With Castors
Total Height:
73 cm.

65 mm Castors with soft rolling band. Each desk have 2 lockable castors.

Electrification:

Suspended cable management.

Magnetic cable management

Vital offers suspended cable management on the frame providing support for power modules and data as well.

Magnetic cable ties are also available to keep cables tides through the frame and on the screens too.

MFC:

25 mm exclusive MFC panels. 3 mm ABS thermo bounded edging R=2 mm.

High Pressure Laminated (HPL):

25 mm board covered by high pressure laminate and 3 mm ABS thermo bounded edging.

Compact Laminated:

13 mm compact laminate board made by high pressure laminate layers. Nucleus in black colour and exterior sides finished in white colour.

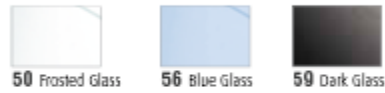

Wood Veneer:

25 mm particle board covered with natural wood veneer lacquered. (Wood veneer edging as well)

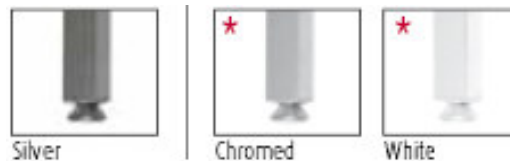

Glass:

Laminate security glass 5+5 or 6+6 mm thick for desk tops use, and 4+4 mm on screens and reception counters panels.

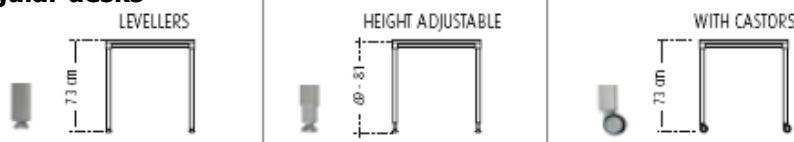

Blue glass price is the same price as dark glass in this price list

Frames in white, silver or chrome
(white frames are the same price as silver in this price list)
