Infinity Height adjustable desks

Contact us on 01823 663880 or email us at info@officereality.co.uk

Infinity is a height adjustable desking range that provides a flexible solution to the ever changing needs of the working environment. Based on modern, fresh cantilever leg design and beam support construction, individual workstations are available in a variety of shapes and sizes

True height adjustability is provided by either manual crank handle or electronic push button operation allowing the user to quickly and easily alter the workstation height with the minimum of effort.

The manually cranked desk option is available with an overall height adjustment of 200mm (680-880mm) which easily allows the user to find a position of comfort and correct posture whilst working.

Electrically height adjustable desks have a height adjustment range of 440mm (720-1180mm) allowing a sit and stand positions.

Available with tops in 25mm Highland Oak, English Oak, Maple Beech or White tops

Veneer tops are also available
