Cable channelling solutions

The Osmose cable channelling solutions apply to 3 different levels:

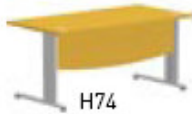

- 1 - The tops have 80 mm dia. cable ports.
- 2 - There is a horizontal gutter as an option.
- 3 - Vertical circulation for cables is provided:
 - * For the metal leg, by means of a plastic duct inside the leg.
 - * For the panel and wood cantilever legs: 80 mm dia. cable ports, channels and cable vertical guides (as an option).

Osmose and Buronomic

The Osmose line is manufactured in France (Honfleur, Calvados) in an ISO 9001-V2000 certified factory. Osmose is covered by a 5-year manufacturer guarantee. The entire Osmose range is available on a quick delivery times basis.
