Affordable expertise @ www.officereality.co.uk

Airflake is a sound absorbing screen made from moulded fibre felt.

This modular system is built around the shape of a hexagon in a variety of designs and colours which can be freely combined to create a screen. The panels are delivered in packs of 3 or 10 with the relevant hooks and fittings.

Each panel is 400mm wide x 360mm high

Available in red, green ,light grey, brown or black
